NON-FORFEITURE BENEFITS

To enjoy the policy benefits, it is important that you pay all due premiums by the due date. This section details the benefits and limitations in case premiums are not paid during the term of the policy.

Grace period:

You get a grace period of 15 days for monthly frequency of premium payment and 30 days for other frequencies to pay the premium without any penalty. If premium is not received before the end of grace period, the policy will lapse or become paid-up.

In case of a valid claim during the grace period, before payment of due premium, the claim shall be payable after deducting the due modal premium.

Lapse, Paid-up and Surrender:

The policy shall acquire a Guaranteed Surrender Value (cash value) upon the payment of at least first two years' premiums.

If a due premium is unpaid upon the expiry of the grace period, the policy shall:

- lapse if it has not acquired a Guaranteed Surrender Value
- become reduced paid-up if it has acquired a Guaranteed Surrender Value

In case of a lapsed policy, all the benefits shall cease and nothing is payable on death, maturity or surrender

Once the policy becomes paid-up, the survival and death benefit payouts shall reduce as defined below:

Paid-up Maturity/Death benefit:

Once the policy becomes reduced paid-up, the maturity and death benefit payouts shall be computed by multiplying the death/maturity payouts as specified in “Benefits in detail” section to the ratio of the premiums paid to the premiums payable under the policy. Under the Guaranteed Maturity option, no further Guaranteed Additions shall accrue in the future. The Guaranteed Additions accrued till the date of paid-up shall continue to remain attached.

Surrender:

The policy shall acquire a Guaranteed Surrender Value (GSV) upon the payment of at least first two years’ premiums.

The minimum GSV shall be the sum of:

- a) the GSV of the total premiums paid and
- b) the Surrender Value of the Guaranteed Additions, already accrued to the policy, if applicable.

Where,

- the GSV of the total premiums paid shall be determined as the applicable GSV factors on total premiums paid at the time of surrender multiplied to the total premiums paid to date. The premium is excluding any taxes and levies paid as applicable or any extra premiums paid.
- the Surrender Value of the Guaranteed Additions paid shall be determined as the applicable GSV factors on the Guaranteed Addition at the time of surrender multiplied to the Guaranteed Additions already accrued to the policy (applicable to Plan Option: Guaranteed Maturity).

For details on GSV percentage, please contact our financial consultant. The surrender value shall be higher of the GSV and the Special Surrender Value (SSV). On payment of the Surrender Benefit, the policy will terminate and no more benefits will be payable

Revival:

You can revive your lapsed/paid-up policy within the revival period (specified below) subject to the terms and conditions we may specify from time to time. For revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and taxes and levies as applicable. Interest rate will be as prevailing from time to time. Please contact our Customer Service department to know the applicable interest rate.

The revival period shall be of five years as specified by the current Regulations. The revival period may be changed as specified by Regulations from time to time.
