Control-M 9.x: Advanced Training for Control-M Add-ons (WBT)

COURSE ABSTRACT

COURSE CODE

» AUTO-CMAA-0900C

APPLICABLE VERSIONS

» Control-M 9.0

DELIVERY METHOD 🌐

» Web-based Training (WBT)

COURSE DURATION 🌐

» 4.5 Hours

Course Overview

Control-M is a monitoring and management tool for the enterprise batch-scheduling environment. It allows users to manage job processing across all distributed systems platforms supported by instances of Control-M/Server and Control-M/Agent.

This course provides an understanding of some important Control-M Add-ons that can be used to extend the Control-M environment of your organization.

This course uses slide presentations (textual content and product visuals), engaging interactions, demonstrations, and simulations.

Target Audience

» Control-M Administrators
» Control-M Schedulers
» Operators

Learner Objectives

» Provide an overview of Control-M Add-ons
» Explain the architecture of Control-M Add-ons
» Explain the process of installing and configuring the Add-ons in the Control-M environment
» Describe the different activities a user can perform using these Add-ons
» Overview of Control-M Add-Ons Advanced Configuration

Course Modules

Module 1: Control-M Add-ons Overview
» Introduction to Control-M Add-ons
» Control-M Self Service
» Control-M Workload Change Manager
» Control-M Workload Archiving
» Control-M Batch Impact Manager
» Control-M Managed File Transfer

Module 2: Control-M Self Service
» Control-M Self Service
» Service and Job Management
» Service Definitions and Rules
» Service Authorizations
» Control-M Self Service Mobile App

Module 3: Control-M Workload Change Manager
» Introduction to Control-M Workload Change Manager
» Configuring Control-M Workload Change Manager in CCM
» Working with Control-M Workload Change Manager
» Setting Up Workload Change Manager in Control-M Client

Module 4: Control-M Workload Archiving
» Introduction to Control-M Workload Archiving
» Configuring Control-M Workload Archiving
» Working with Control-M Workload Archiving

Module 5: Control-M Batch Impact Manager
» Introduction to Control-M Batch Impact Manager
» Basics of Control-M Batch Impact Manager
» Working with BIM Services
» Advanced Features
» BIM Reports

Module 6: Control-M Managed File Transfer
» Installing and Deploying Control-M Managed File Transfer
» Configuring Control-M Managed File Transfer
» Creating and Monitoring Control-M Managed File Transfer Jobs
